Dear Parish Council,

Request for potential confirmation of local connection

I am looking to apply for a planning application on New Road, Oreton under the section 106 'Build Your Own' Affordable Housing Scheme.

As you know, part of the process I will need my parish council to formally confirm my 'strong local connection' to the area in writing. Please see my details for eligibility for this scheme below;

- My parents were permanently resident in the local area at the time of birth – The Moors, Moors Lane. My grandfather also resided here.
- I attended Farlow Primary School & Lacon Childe Secondary School
- I am / have been a permanent resident in Oreton since birth, with the exception of 2 years living with a partner in Bitterley. (2017 – 2019)
- As well as assisting my parents on the family farm, I am currently self-employed & employed. I work from home for my self employment mainly bookkeeping for local businesses. I am currently employed in an accountancy practice who specialise in agricultural based businesses, my office is based in the Hereford. I am currently still studying, I will be going onto to do my Chartered qualification in the near future where I will need to have three years relevant professional experience. I wish to continue my employment in Hereford whilst studying as I am gaining valuable rural based knowledge.
- My parents and all 3 siblings & their children live within 1 mile of my current address. As my parents continue to age, they will require support from myself. I also provide vital child care for my nephews.

I would be grateful if this could be on your next meeting agenda. If you could let me know when this will be discussed, I would like to attend the meeting.

Should you require any more information please do not hesitate to contact me.

Yours Sincerely

Suzie Jordan
